LESER Original Spare Parts Kits – General Information

The Challenge of Spare Parts Management

How can the handling and logistics of spare parts for the maintenance of a safety valve be optimized?

Do you always know exactly which replacement parts are required for the maintenance and where a certain spare part is installed?

How can the ordering process, warehousing and logistics for many items be handled easily and efficiently?

Get to know the LESER Spare Parts Kits.

LESER Original Spare Parts Kits

- The LESER Spare Parts Kits contain all the parts recommended for the regular maintenance of a LESER safety valve
- The LESER original spare parts are individually packaged and clearly identified
- The Spare Parts Kits include instructions for identifying and allocating the individual parts
- Detailed maintenance instructions for all LESER product groups and safety valve types are described in the Maintenance Handbook with photo documentation and are available at www.leser.com
- The Spare Parts Kits can be ordered with one article number
- The Spare Parts Kits are available within 72 hours ex works Hohenwestedt/Germany or in even less time from one of our many stocks worldwide

Spare Parts Kits with original LESER spare parts are available for the following safety valves:

API	High Efficiency	High Performance	Compact Performance	Modulate Action
Type 526	Type 811	Type 441, 442 DIN	Type 459	Type 427, 429
	Type 821	Type 441, 442 ANSI	Type 462, 462 HDD	Type 431, 433
		Type 441, 442 DIN Full nozzle		
		Type 441, 442 ANSI Full nozzle		

Easy maintenance handling

- 1 Instructions for identifying and allocating the individual parts
- 2 Sturdy external packaging with hanger for space-saving storage
- 3 Protection against dust and moisture in every climatic condition thanks to the insert bag
- 4 Original spare parts individually removable thanks to the pressure lock
- 5 Easy identification of individual parts

Our references

- LESER Original Spare Parts Kits are successful worldwide
- Every eighth API valve is supplied with a Spare Parts Kit
- Every fourth Pilot Operated Safety Valve (POSV) is ordered with a Spare Parts Kit

Benefits

- Clearer: The Spare Parts Kit provides all the spare parts recommended by LESER to be replaced during the regular maintenance of a safety valve. It minimizes the risk of ordering wrong parts.
- Better: Easy maintenance through the clear labelling of the original spare parts. The Spare Parts Kit reduces the variety of parts at stock.
- Easier: One article number reduces the effort and time of ordering
- Cost effective: Kits are less expensive than the sum of the individual parts
- Rapid availability: The Spare Parts Kits are available within 72 hours ex works Hohenwestedt/Germany or in even less time from one of our many stocks worldwide

LESER Original Spare Parts Kits: A picture-perfect solution for maintenance handling from LESER.

API

The API Spare Parts Kits are organised by orifice letter:

Orifice	Flange Class
D – G	CL150 – CL2500
H – L	CL150 – CL1500
M – P	CL150 – CL900
Q – R	CL150 – CL600
T	CL150 – CL300

Contents

Item	Component	Material	Quantity
7.5	Securing ring (Disc)	1.4571 / 316Ti	1
14	Split ring	1.4404 / 316L	2
57	Ball	1.4401 / 316	15
59	Securing ring	1.4571 / 316Ti	1
60	Gasket	Graphite / 1.4401 Graphite / 316	3
61	Ball	1.4401 / 316	1
66	Screw	1.4401 / 316	1
73.2	Gasket (Lock screw)	1.4401 / 316	1

High Efficiency – Main Valve

The Spare Parts Kits for Pilot Operated Safety Valves (POSV) are separately available for the main valve and the pilot valve for all valve sizes.

Valve size	1" x 2" to 8" x 10"
Orifice	D – T
Flange class	CL150 – CL600
O-ring material	FKM / EPDM / FFKM

Contents – Main valve

Item	Component	Material	Quantity
	Lubricant	Molykote D	1
	Lubricant oil	Halocarbon oil 56S	1
6.3, 7.3, 60, 61, 63, 67	O-ring	FKM / EPDM / FFKM	6
6.4	Backup ring	PTFE	1
6.5	Guide ring	PTFE-carbon filler	2
10	Parallel pin	1.4310 / Stainless steel	1
58	Screw	1.4310 / Stainless steel	2
62	Backup ring	PTFE	1

Article numbers – Main valve

Compact Performance – Type 459

Contents

Item	Component	Material	Quantity
7	Disc	1.4404 / 316L	1
14	Split ring	1.4404 / 316L	2
57	Pin	1.4310 / Stainless steel	1
59	Securing ring (split ring)	1.4571 / 316Ti	1
60	Gasket	Graphite / 1.4401 Graphite / 316	2
63	Gasket	Graphite / 1.4401 Graphite / 316	1
61	Ball	1.4401 / 316	1
40.3	Spacer	1.4571 / 316Ti	3

The Compact Performance Spare Parts Kits are the only ones equipped with a new disc. For discs size d_0 17.5 mm and smaller, LESER recommends to exchange the entire disc. The manual relapping of such small discs is uneconomical and requires high effort.

Article numbers

d_0		9	13	17.5
Art. No.				
Type 459	5012.	1230	1231	1232

Compact Performance – Type 462, 462 HDD

Contents

Item	Component	Material	Quantity
7.1	O-ring disc body	1.4404 / 316L	1
7.2	Lifting aid	1.4404 / 316L	1
7.4	O-ring	FKM (70/75 Shore A)	1
7.4	O-ring	FKM (90 Shore A)	1
7.4	O-ring	EPDM (70 Shore A)	1
7.5	Pin	1.4310 / Stainless steel	2
14	Split ring	1.4404 / 316L	2
59	Securing ring (split ring)	1.4571 / 316Ti	1
57	Pin	1.4310 / Stainless steel	1
61	Ball	1.4401 / 316	1
60	Gasket	Graphite / 1.4401 Graphite / 316	2
63	Gasket	Graphite / 1.4401 Graphite / 316	1
40.3	Spacer	1.4571 / 316Ti	3

The Compact Performance Type 462 Spare Parts Kits are equipped with three O-rings in the two most commonly used materials – FKM and EPDM – with different shore hardness. The correct O-ring should be selected depending on the set pressure.
